CHAIRMAN'S THOUGHTS: DERYK HEYWOOD

After a very good start to the season and the most memorable day of all against Helston Athletic in the FA Cup, today we go again in the famous old cup with a difficult tie against really good higher-level opposition. Let's hope we can kick on and progress into the first qualifying round.

On Tuesday I attended the funeral of our Club President Malcolm Brown. I first met Megs when I came to the club in 1978: a lovely man who dedicated 60 years of his life to Mousehole AFC. What an astonishing achievement. He will be remembered at the club forever. Fittingly perhaps, Megs is still very close to us in the cemetery which is visible from pitchside at the clubhouse.

MANAGER'S MESSAGE FROM JAKE ASH

We're back! It's been a really testing period for everyone involved . Covid developed so very fast among the squad that it was difficult to take stock of the ramifications and plan for how we progress. However, it seems we are coming out the other side of it now, but it will take time for us to find our feet again. The situation will undoubtedly have taken a toll on all the players, who haven't trained or played for over ten days.

Nevertheless, today is a great occasion and a 'free hit' for us. With all that has gone on, and with players still unavailable, many observers will see this as a Parkway win with the quality they have at their disposal.

But I know what our group are capable of, and I have no doubt we will provide Parkway with a very stern test today, whatever side we put out.

It's good to be back - enjoy the game! Jake

PLYMOUTH PARKWAY PEN PICS (1)

Aaron Bentley returns to Parkway after leaving at the end of the 2019-20 season. The versatile defender enjoyed a successful season with Tavistock with a string of eye-catching performances. Aaron couldn't stay away for long and returns to his hometown club ahead of the new Pitching in Southern League campaign.

Billy Palfrey, fisherman by trade, midfield maestro for Plymouth Parkway. After arriving on loan from Truro City back in 2018, Billy would put in some excellent performances that would earn the midfielder an offer to return to Parkway ahead of the 2019-20 season. Elegant on the ball and a fulcrum for others to express themselves, a lot of Billy's work goes unnoticed but not by his teammates.

Callum Hall's arrival in Plymouth went a little under the radar as more established names took centre stage as a large influx of new signings arrived at Parkway in the summer of 2020. Callum didn't take long to change the status quo and after a move into the centre of midfield, Callum would go onto to steal the show throughout the curtailed 2020/21 season.

Harrison Davis, known as H, would go on and excel in his first season only for Covid-19 to halt the youngsters excellent progress at the football club. With pace in abundance, the youngster has become a fans favourite with a mesmeric first touch and all-round ability.

Jack Crago has been a thorn in Parkway's side for several years as the winger excelled at local football club Tavistock. Jack's performances only elevated as Tavistock moved into the Western League as the winger led the goal scoring charts in all competitions. A versatile winger with pace in abundance, Jack will bring something new to the Parkway front line as he settles to life at Bolitho Park.

Jordan Copp joins Parkway for a second spell at the club after the left sided player impressed during the 2019/20 season. Jordan enjoyed some very special moments in his first spell, including a 4-goal masterclass in the FA Vase 3rd round. Jordan is a welcome addition to the squad as he returns ahead of the 21/22 season.

PLYMOUTH PARKWAY PEN PICS (2)

Kyle Moore will enter his 4th season as Plymouth Parkway's established No.1 goalkeeper. Despite his relatively young age, Kyle is regarded as a senior member of the squad as he understands what's needed to be part of the Yellows dressing room.

Mike Landricombe has enjoyed a successful non-league career as the former Tiverton Town player is back at Bolitho for a second spell. Mike is a well-liked player, and his experience will no doubt Plymouth Parkway ahead of the new season. Just loves to defend.

Mikey Williams has made well over 100 appearances for Parkway and his reputation has grown after 4 seasons with the club. A gentleman off the pitch, the No.7 is ruthless on it and has been dubbed the Wizard by the Parkway faithful.

River Allen started his career with Plymouth Argyle and once released, the midfielder would become a huge draw for the top non-league clubs around the Southwest region. River would turn out for Truro City and Tiverton Town in two different spells with both clubs but the lure of signing for his hometown club would become a reality as the midfielder signed ahead of the 20/21 season. This season could me the most important in River's career to date and the midfielder has all the ingredients to excel with the step up in divisions.

Tom Bath joins this season from Southern Premier side Dorchester Town. The striker has been a target of manger Lee Hobbs and after upward movement into Southern League Division One, the manager has finally got his man. Tom is tall in stature and has all the ingredients to become a new fans favourite at Bolitho Park. The loyal Parkway faithful have always lauded over past number 9's including Levi Landricombe, Glynn Hobbs and Adam Carter to name but a few. Can Tom Bath add his name to the list of legendary Number 9's?

Ryan Lane joined the club back in 2017 and has now emerged as one of the first names on the Parkway team sheet. Having played in numerous positions' during his first few seasons, a switch to Left Back during the 2019/20 season would see the youngster flourish. He would be part of a formidable back four and would go on to win the coveted player of the season award. His engine is one of the best around and his composure on the ball is a significant asset for the Yellows.
